

Less Than Three Weeks until Pool Season!

There has been a flurry of work at CSCSC as the completion of our pool improvement and repair projects draws near. Even though there is much yet to be done, ***we are still preparing for an on-time opening on May 29th.***

Your board is excited to provide additional details about all the work that has been accomplished over the offseason in the days closer to opening. We do not yet have final guidance on any COVID restrictions we will have to respect, but will communicate that information as well.

Water Aerobics Survey

Our aquatics team has been hard at work setting up as close to a “normal” summer of programs as we are able to provide. We are considering our options for delivering a successful water aerobics program and would appreciate your input.

If you are interested in potentially participating in water aerobic this summer, [please provide your feedback via this short survey](#) before Thursday, May 13, 2021.

If you have any questions, please contact our aquatics team at aquatics@capepool.com.

Facility Beautification

Keep your eye on your email and Facebook—as we evaluate the final tasks to be completed before opening, we may put out a request for member assistance

Are you a gardener who is dividing plants this spring? We would love to add some additional perennials to the pool landscape. If you have plants you are interested in donating, please contact communications@capepool.com.

See You Soon!

Keep an eye on your email inbox and our website for more updates as the season approaches.

If you have any questions or concerns, please contact your board at info@capepool.com.
