

Twelve More Full Days until Opening!

As of this evening, we have water! Much work remains before we open, including repouring the deck concrete, but pool replastering and filling has been completed this weekend.

The end is in sight, capping off a tremendous amount of surgery that has been performed on your facility in the offseason, all with the goal of remedying the electrical bonding issue and updating our pool's internals to guarantee safe and efficient operation for many more years.

As of this writing, *we are preparing for an on-time opening on May 29th.*

Guests and Parties to Return for 2021

[Subscribe](#)[Past Issues](#)[Translate](#) ▼

season!

We are working with our management company, Ace Aquatics, and waiting for confirmation on national, state, and local policies and regulations to understand to what extent our pool season can return to normal, but are optimistic based on recent progress. We will provide a complete update on our 2021 Rules and Regulations closer to opening.

See You Soon!

Keep an eye on your email inbox and our website for more updates as the season approaches.

If you have any questions or concerns, please contact your board at info@capepool.com.
